****Information regarding mental health services listed in this Directory does not reflect any recommendation or endorsement for the providers/professionals listed. The Howard County Mental Health Authority assumes no liability for any act or omission of any mental health provider listed in this Directory****

Preface

MISSION STATEMENT

The mission of the Howard County Mental Health Authority is to insure the availability of quality mental health services and provide leadership in the county on mental health issues through education, prevention, community and interagency partnerships to better serve the broader community.

The Howard County Mental Health Authority (HCMHA) is a quasi-public agency that is responsible for planning, developing, and managing publicly funded mental health services in Howard County. HCMHA is pleased to sponsor this updated edition of the “Directory of Mental Health Services in Howard County”. HCMHA hopes this directory will assist the citizens of Howard County in locating needed services in a timely manner. Attempts have been made to include all providers in the public mental health system, as well as private practitioners who provide mental health services but who may or may not be providers in the public mental health system. However, this directory may not include every service or mental health provider in the county. If you are a provider who is not listed in this directory, but who would like to be included in future revisions, please use the [mail-in form](#) located in the back of this directory.

Complaints

The Howard County Mental Health Authority (HCMHA) is interested in hearing any concerns you may have regarding services you receive from the public mental health system. Please contact the HCMHA office at 410-313-7350 to initiate a complaint. If you are receiving services from someone who is reimbursed by your private health insurance coverage, you should contact your Human Resource Department at your place of employment to request information regarding how to file a complaint or request a review/appeal when you are denied services directly from your insurance provider. You can also contact the Maryland Insurance Administration at 1-800-492-6116, if you can not resolve your issue directly with your employer or insurance provider (see page 11).

Network of Care

**Network of Care websites: HOWARD.MD.networkofcare.org.
www.mdveterans.networkofcare.org**

Network of Care for Behavioral Health is an online information site for individuals, families and agencies concerned with mental and emotional wellness. This online community provides critical information, communication and advocacy tools with a single point of entry for the following:

- Service Directory – provides information about local community-based organizations
- Library – offers unbiased, evidence-based information on more than 4000 health topics
- Legislate – offers bill tracking section to follow state and federal legislation, email alerts when anything changes and allows you to directly email legislators
- Links – offers connection to government programs and non-profit organizations that specialize in behavioral health issues
- Insurance – learn about health coverage available in your community
- Support and Advocacy – identifies organizations that provide support and advocacy for individuals and family members living with mental illness
- My Folder – provides a private, secure place to keep important information about your health care community support services and WRAP (Wellness Recovery Action Plan).

INTRODUCTION

How to Use This Directory

This Directory is not intended to be an exhaustive, authoritative guide to services. However, we have attempted to include all known resources in the community. We have concentrated on treatment and rehabilitation resources and other major support services that serve individuals whose insurance coverage is from a public entitlement such as Medicare (MC), Medicaid (MA). However, we have included a major section on groups and individuals who serve Howard County, some of which are reimbursable through private health insurance and some offer sliding fee scales. Be aware that changes occur frequently in agencies and organizations, so information included here may be inaccurate or outdated at the time you read this directory. It is best to call and discuss the form of payment needed in advance of your appointment.

This directory can be used to continue a search for assistance through the Community Resources section. The telephone directory, classified pages, your primary care physician, friends, family and/or clergy are potential sources of recommendations for providers.

When to Seek Help

There are many types of mental health care available, ranging from outpatient treatment to inpatient hospitalization. If you do not feel comfortable with the professional you have chosen or to whom you have been referred, it is important to remember that you should discuss concerns with that professional. You always have the right to seek a different helper or a different level of care and should be considered as an equal partner in your treatment.

People seek professional mental health treatment for many reasons. Among the signs and symptoms that may signal the need to consult a mental health professional are:

- Threats or persistent thoughts about suicide
- Persistent feelings of hopelessness and despair
- Frequent feelings of anxiety or nervousness
- Sleeplessness, frequent waking or excessive sleeping
- Persistent, noticeable difficulty concentrating
- Increased use of drinking or smoking to cope with moods
- Unusual lack of appetite or excessive eating
- Unusual difficulty making decisions or handling routine tasks
- Unpredictable or frequently changing moods
- Withdrawal from others or from responsibilities
- Hypersensitivity to words or actions of other people
- Excessive crying or emotional outbursts
- Feelings of panic about specific things or activities
- Behaviors or ideas that are perceived as noticeably odd by others
- Hearing voices that no one else seems to hear

INFORMATION ABOUT ENTITLEMENTS

Financial and Income Benefits

Federal Benefits

1. SUPPLEMENTAL SECURITY INCOME (SSI-Title XVI)

This federal government income support is for those who meet the Social Security Administration's requirement for financial need. To be eligible for SSI, a person must be age 65 or older or disabled or blind and have limited resources and income. The age of a person who is blind or disabled makes no difference. A person age 18 or older is considered disabled if a physical or mental impairment or combination of impairments prevents him or her from working and is expected to last at least 12 months or to result in death. A minor child could be eligible for SSI based on a disability. In the state of Maryland, SSI recipients also receive Medicaid (Medical Assistance), which can pay for health care expenses and prescriptions.

2. SOCIAL SECURITY DISABILITY INCOME (SSDI-Title II)

This federal government income support is for those who have met eligibility requirements for disability based on their prior work history. Cash benefits are paid to individuals who are unable to work for a year or more because of a disability. Benefits continue until a person is able to work again on a regular basis, and a number of work incentives are available to ease the transition back to work. Disability under the Social Security Administration is based on your inability to work. This means that the individual cannot do work he/she did before the disability occurred and Social Security Administration decides that the individual cannot adjust to other work because of the individual's medical condition(s). An individual can receive SSDI until age 65. Once approved for SSDI, an individual will become eligible for Medicare benefits after two years of receiving SSDI. Historically, Medicare did not cover prescriptions. However, a new federal program has been implemented that provides prescription benefits for individuals on Medicare (see page #10 under Medicare Prescription Drug Plan).

For both federal income programs, there is an application process and the individual must meet several eligibility requirements. You can also access Social Security's web site at www.ssa.gov. The application process begins by contacting the local Social Security office:

Contact Information: Social Security Administration
8865 Stanford Blvd.
Suite 110
Columbia, MD 21045
Business hours are 9:00 a.m. – 4:00 p.m. Monday-Friday
1-800-772-1213 or 410-872-0997

The Social Security Administration will be able to provide information, forms and answer any questions you may have about the application process.

Each federal income program will require the following information in order to process your application quickly:

- a. Original Social Security card and proof of age documents such as a **certified** copy of your birth certificate (no copies accepted).

- b. Medical information including names, addresses and phone numbers of all providers (physicians, hospitals, clinics) that provided treatment to you (medications, laboratory and test results).
- c. List of employers and type of work done during the past 15 years (SSDI).
- d. Copies of previous W-2 forms from any employment (SSDI).
- e. Dates of marriages if your spouse is applying.
- f. Financial assets (bank accounts, stocks, bonds, trust funds, burial contracts, etc.).

It is recommended that the completed application(s) and all accompanying and subsequent documentation be **HAND DELIVERED** to the Social Security office rather than mailed. You will receive a receipt or some documentation from SSA for your records.

The process of determining your disability is the same for SSI and SSDI. The process takes about 120 days and will include consideration of your ability to work in jobs other than the kind you may have done before the disability. For medical determination of the disability, Social Security uses the Disability Determination Services agency in Towson Maryland. If your disability claim is denied or you disagree with any part of the decision, you can appeal the decision.

There are four appeal steps:

- Reconsideration
- Hearing
- Appeals Council Review
- Federal Court Action

The Social Security office will help with the paperwork. You have 60 days from the time you receive the SSA denial letter to file an appeal.

Both federal income support programs have a variety of work incentives to encourage individuals with disabilities to re-enter the work force while maintaining their benefits:

- a. The Ticket to Work and Work Incentives Improvement Act of 1999 expands opportunities for people with disabilities who want to work.
- b. Deductions for Work Expenses.
- c. Plans for Achieving Self-Support (PASS), also called "PASS PLANS".
- d. Payments to people in approved vocational rehabilitation programs.

State Benefits

WWW.MARYLANDSAIL.ORG

Services Access and Information Line (SAIL) is a web-based screening/application system that was created to help citizens of Maryland learn about social service programs that are available. Individuals can screen for potential eligibility for programs funded by the Department of Social Services (DSS) as well as complete an application, report changes, complete a redetermination and access community information such as food pantry and shelter locations.

The following programs are available on the SAIL website (www.MarylandSAIL.org):

- Food Stamps (FS)
- Temporary Cash Assistance (TCA)
- Temporary Disability Assistance Program (TDAP)
- Medical Assistance (MA)
- Maryland Children's Health Program (MCHP)
- Medical Assistance Long-Term Care (LTC)
- Maryland Energy Assistance Program (MEAP)
- Electric Universal Service Program (EUSP)
- Child Care Subsidy Program (CCSP)

TDAP – TEMPORARY DISABILITY ASSISTANCE PROGRAM

This program is administered by the state through the Department of Social Services. The Temporary Disability Assistance Program (TDAP), formerly called TEMHA, is available to help low-income, disabled Marylanders with no other resources, to obtain cash, medical, and housing assistance. The program is funded through the State of Maryland to provide help to individuals without dependent children. Eligibility requirements include verifying the disability – a licensed medical practitioner must complete a medical report. TDAP applicants who are disabled for 12 months or more must file an application for Supplemental Security Income (SSI).

TCA – TEMPORARY CASH ASSISTANCE TO FAMILIES WITH DEPENDENT CHILDREN

This program is administered by the state through the Department of Social Services. This time-limited program provides temporary cash assistance to someone with a child six months or older and requires the adult to actively participate in seeking employment and/or participating in job training programs.

FOOD STAMP PROGRAM

Food Stamps are provided to low-income individuals who lack the income needed to purchase food. Food Stamps are a supplement to a person's current food budget. They are not intended to cover your entire food budget. There are eligibility requirements that must be met in order to apply for Food Stamps.

To apply for TDAP, TCA, MA, or Food Stamps, an individual must go to the following agency:

- Howard County Department of Social Services
- 7121 Columbia Gateway Drive
- Columbia, MD 21046
- 410-872-8700
- www.dhr.state.md.us/howard.htm

Applications are accepted Monday, Tuesday, Thursday and Friday (no Wednesdays)
Hours: 8:00 a.m. – 11:00 a.m. You must sign-in with a representative upon arrival.

ENERGY ASSISTANCE PROGRAMS

The Maryland Energy Assistance Program (MEAP) is a low-income home energy assistance program providing financial assistance in meeting home energy needs during the winter months for income-eligible households. Other services include the Utility Service Protection Program

(USPP), the Weatherization Assistance Program (WAP) and the Electric Universal Service Program (EUSP).

To apply for any energy assistance programs, an individual must go to the following agency:

Community Action Council of Howard County
6751 Columbia Gateway Drive, 2nd Floor
Columbia, MD 21046
410-313-6440

Other services provided: housing (eviction prevention, first month's rent), crisis intervention (information and referral services, emergency assistance for families with children, burial assistance), early-childhood services (Head Start Program, speech and language therapy), Howard County Food Bank.

Outreach: North Laurel – Savage Multi Service Center

Mon-Thurs 11am – 7 pm; Fri 8:30am – 4:30 pm

Patuxent Square

9900 Washington Blvd.

Laurel, MD 20723

410-880-5917

www.cac-hc.org

WIC PROGRAM (WOMEN INFANTS AND CHILDREN)

The WIC program provides services to pregnant women, infants and children under the age of five. The person's nutritional needs are assessed and income is reviewed. This program provides milk, formula, juice, eggs, cheese, cereal, beans and peanut butter to eligible recipients. In order to apply for the program, **an appointment must be scheduled** by calling the following agency:

Howard County Health Department
7178 Columbia Gateway Drive
Columbia, MD 21046
410-313-7510

Health Insurance

HEALTHY HOWARD ACCESS PLAN

Healthy Howard Plan will provide access to comprehensive health care services for uninsured Howard County residents. The Plan is not insurance and services will not be covered if you receive them outside the County. The Plan is:

- ***Comprehensive*** – It includes access to primary care, preventative health screenings, immunizations, diagnostic services, low-cost prescriptions, mental health services, substance abuse treatments, inpatient hospital care “debt forgiveness”, and outpatient specialty care for the County's biggest health problems.
- ***Affordable*** – By using existing health care programs and developing strong partnerships with health care providers, we can offer access to care for an affordable monthly fee. Businesses can help their employees pay for the monthly fee if they wish but there is no requirement for businesses to participate in the Plan.
- ***Responsible*** – Each participant will be teamed with a health coach to help overcome barriers to healthy living. Together they will agree upon a Health Action Plan and set measurable and achievable health goals.

You are eligible for the Healthy Howard Access Plan if you meet all of the requirements listed below:

- A Howard County resident
- A U.S. citizen or legal permanent resident
- At least 19 years of age and less than 64 years of age
- Not eligible for and not enrolled in other health care programs such as Medicaid, Medicaid for Families, Maryland Children's Health Insurance Program (MCHIP), or the Primary Adult Care Program (PAC)
- Currently uninsured and not had health insurance for at least 6 months UNLESS your involuntarily lost your health insurance due to a lay off
- Annual household income of no more than 300% of the Federal Poverty Level or FPL

The maximum yearly income allowed is based on family size according to the most recent Federal guidelines. Please go to www.healthyhowardplan.org to obtain information about the current FPL. For additional information, contact the Howard County Health Department at **(410) 313-4357**.

MEDICAID (MEDICAL ASSISTANCE)

Medicaid (MA) is a Federal health insurance program for low-income and disabled persons. Medicaid eligibility is determined by the state of Maryland. This program covers hospital, physician, nursing home, prescription drugs and other health and long-term care services. If an individual receives Medical Assistance as the primary insurance, he/she would be able to access the full array of services in the public mental health system as long as the individual meets the established medical necessity criteria for that service. Since July 1997, physical/somatic health care under Medicaid has been administered through a program called HealthChoice. If you receive Medicaid, you will need to select a primary care physician (PCP) who will address your medical needs and who is affiliated with a Managed Care Organization (MCO). The change does not apply to those in nursing homes or who receive both Medicare and Medicaid. The important features of the Medicaid system are:

1. All recipients will have to choose one of the HealthChoice approved Managed Care Organizations (MCO) serving their jurisdiction.
2. Everyone must have a primary care physician (PCP); treatment by a specialist requires a written referral from the primary care physician and the specialist must be with the MCO network.
3. Mental health services are separate from the MCO and do not require the authorization of the MCO. All public mental health services are authorized by an administrative services organization, which is APS Healthcare Inc. If you have any questions regarding publicly funded mental health services, please call the Howard County Mental Health Authority at 410-313-7350.

MEDICAL ASSISTANCE FOR FAMILIES

Beginning July 1, 2008, Medical Assistance benefits will be expanded to include comprehensive health care coverage for many more parents and other family members caring for children. Eligibility depends on family size and income. Parents and other family members caring for children can apply to receive free comprehensive health care coverage. Coverage includes:

- Doctor visits
- Visits with specialists
- Hospital stays and other services

- Low-cost or free prescriptions

Families will be able to apply:

- By Mail or Fax, by printing an application at <http://www.dhmd.state.md.us/ma4families/html/application.htm>,
- Call 1-800-456-8900 to have an application sent to you,
- Online at www.marylandSAIL.org, or
- Contact your Local Health Department or Local Department of Social Services and fill out an application.

For questions or more information call The Medical Assistance Hotline at 1-800-456-8900

MEDICARE

Medicare is a federal health insurance program for persons 65 years of age and older, individuals under 65 who receive Social Security Disability Income (SSDI) for 24 months and individuals with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant). There are two health care coverages. Part A is the hospital insurance. Part A provides care in hospitals as an inpatient, critical access hospitals, skilled nursing home facilities, hospice care, and some home health care. Part A deductible as of 2009 is \$1,068.00 (for a hospital stay of 1-60 days, and increasing for additional days). Part B is the medical insurance. Part B covers physician services, outpatient hospital care, physical and occupational therapists and some home health care. Part B helps pay for these covered services and supplies when they are medically necessary. The Medicare Part B premium as of January 2009 is \$96.40 and Part B deductible is \$135.00. Note: individuals with income over \$85,000 or couples with \$170,000 may pay more. Medicare Part D – Prescription Drug Coverage has been offered to Medicare beneficiaries since 2006. (See Prescription Plans section below.)

MARYLAND INSURANCE ADMINISTRATION

200 St. Paul Street, Suite 2700
Baltimore, MD 21202
(410) 468-2000
(800) 492-6116
www.mdinsurance.state.md.us

The Maryland Insurance Administration (MIA) is the state agency that regulates the business of insurance in the State of Maryland. If you have a question about insurance or experience a problem, contact the MIA. The MIA provides assistance to consumers, businesses, health care providers (including doctors and hospitals), and producers (agents or brokers) in all areas of insurance, including life, health, disability, automobile, homeowners, and property. The MIA produces consumer guides, rate comparisons and frequently asked questions related to various types of insurance. The MIA can educate you about your rights and investigate written allegations that your insurance carrier, insurance provider (agent or broker), or another entity (engaged in the business of insurance) has violated state law. Violations may include:

- Denying authorization for medically necessary services
- Improperly denying or delaying payment of all or portions of a claim
- Improperly terminating your insurance policy
- Raising your insurance premiums without proper notice or in excess of what the law allows
- Making false statements to you in connection with the sale of insurance or the processing of insurance claims
- Overcharging you for services, including premium finance charges

The MIA can:

- Provide information about different types of insurance coverages
- Suggest to you actions or procedures that you may take which may help resolve your insurance problem
- Forward a copy of your complaint to the insurance company, if appropriate
- Obtain information or explanations on your behalf from the insurance company or its representatives. This may involve written and verbal contact with such companies or persons
- Investigate a company's action(s) to determine compliance with state law, regulation and policy contracts
- Take corrective action against a company if it violated a state law, regulation or policy which the MIA enforces.

Prescription Plans

MARYLAND PRIMARY ADULT CARE PROGRAM (PAC)

In July 2006, Maryland implemented the Primary Adult Care Program or PAC for short. PAC offers health services to people 19 and over who have a limited income. If you were in the Maryland Pharmacy Assistance Program (MPAP) or the Maryland Primary Care Program, you were enrolled in PAC. PAC replaced these programs. Individuals in the PAC will receive the following services:

- Free visits to a family doctor. Also called a Primary Care Provider (PCP).
- Free outpatient visits to a counselor or psychiatrist for mental health services.
- Lower-priced or no-cost prescription drugs. You may need to pay a co-pay for some prescriptions. Remember that pharmacists can deny prescriptions if you do not pay the required co-pay.

PAC does not pay for hospital stays, emergency room visits, or specialty care.

PAC will cover all of the services that are covered by the Maryland Family Planning Program except sterilization (Tubal ligation).

Current written proof of income and assets such as Social Security entitlement letters and savings account statements may be required. Eligibility is for a 12-month period. To request an application, call 1-800-226-2142. The completed application should be mailed to the address below.

Contact Information: PAC Program Application
 P.O. Box 386
 Baltimore, MD 21203-0386
 1-800-226-2142
www.dhmd.state.md.us/mma/pac/index.htm

SHIP – SENIOR HEALTH INSURANCE ASSISTANCE PROGRAM

The Howard County Office on Aging provides information and health insurance counseling services to people age 50+ and Medicare beneficiaries of any age. Office visits and home visits for homebound are available. Call 410-313-7392

MEDICARE PRESCRIPTION DRUG COVERAGE

Beginning in 2006, the Medicare Prescription Drug Coverage program has been provided through Prescription Drug Plans (PDPs). Enrollment is voluntary, but failure to enroll under certain conditions will result in penalties if you enroll at a later date. There are premiums, deductibles and co-pays, as well as a “donut-hole” in coverage. The actual costs depend on the PDP you choose. The list of covered medications known as the formulary also varies depending on the PDP.

The “donut hole” is a coverage gap, where you pay the full cost of drugs during a designated period determined by out of pocket expenses after which Medicare will resume coverage at the 95% level for the remainder of the calendar year. To learn current figures for these costs, and the effects of the Affordable Health Care Act, contact the Office on Aging, SHIP (Senior Health Insurance Program) at 410-313-7391.

Annual Notice of Change letters should be sent by the PDP to all beneficiaries by October of each year, including summary of benefits and formulary for the following calendar year. If you were in a PDP and wished to change, you were required to do so during that time period. **IF AT ANY TIME YOU CHANGE PLANS – DO NOT DISENROLL – SIMPLY ENROLL IN YOUR CHOSEN PLAN** and you will automatically be disenrolled from the former plan. **If you disenroll first, you will not be able to enroll in Medicare D again.**

If you currently receive both Medicare/Medicaid benefits you are automatically enrolled, assigned to a Prescription Drug Plan (PDP), and may choose to change to another Prescription Drug Plan (PDP).

The Social Security Administration thru Medicare can provide the EXTRA HELP program to assist with premiums, deductibles and co-pays for individuals with income and asset limits. Medicare recipients must apply for this assistance.

Anyone can contact the Howard County Office on Aging SHIP program at 410-313-7392 or the Social Security Administration at 1-800-772-1213 or www.medicare.gov for information/assistance.

MEDICARE SAVINGS PROGRAMS - ASSISTANCE WITH MEDICARE COSTS

Qualified Medicare Beneficiaries (QMBs)
Specified Low-Income Medicare Beneficiaries (SLMBs)

Individuals receiving Medicare coverage with low income and assets may qualify for assistance through the State Medical Assistance program as follows:

Qualified Medicare Beneficiaries (QMBs) are those people entitled to Medicare A and/or B and have limited income and assets and are not normally eligible for Medicaid. Medicaid will pay

the Medicare Part A and/or B premium, deductibles and co-insurance for Medicare covered services.

Specified Low-Income Medicare Beneficiaries (SLMBs): If individuals who are entitled to Medicare Part A meet income/asset requirements, Medicaid will pay their Medicare Part B premium.

Current figures are subject to change. Income limits may include a \$20 disregard of income in determining eligibility.

For specific financial criteria and applications, contact the Howard County Department of Social Services at 410-872-8700, the Howard County Office on Aging at 410-313-7394 or 410-313-5980, www.medicare.gov or www.dhr.state.md.us.

To request an application for Maryland Primary Adult Care Program, call 800-226-2142. The completed application should be mailed to the address below.

STATE OF MD SENIOR PRESCRIPTION DRUG ASSISTANCE PROGRAM (SPDAP)

The Senior Prescription Drug Assistance Program (SPDAP) is a subsidy program established by the Maryland Health Insurance Plan (MHIP) through the Medicare Modernization Act and the Health Insurance Safety Net Act of 2002, to provide premium assistance to moderate-income Maryland residents for the purchase of outpatient prescription drugs and who are eligible for Medicare and are enrolled in a prescription drug plan. The SPDAP replaces the Maryland Senior Prescription Drug Plan that was administered by CareFirst BlueCross BlueShield. Affiliated Computer Services (ACS) administers this program for the Maryland Health Insurance Plan Board of Directors.

Beginning in January 2007, SPDAP will pay up to \$25.00 per month for an enrollees' Medicare Rx prescription drug plan premium, as long as the individual is enrolled in a Medicare approved Medicare Rx prescription drug plan or a Medicare Advantage prescription drug plan. The only exception will be those SPDAP participants who are found eligible in 2007 for full federal subsidies through the Social Security Administration.

Contact Information: SPDAP

MARYLAND MEDBANK PROGRAM

MEDBANK is a non-profit organization dedicated to accessing free prescription drugs for low-income, chronically ill individuals from the world's largest pharmaceutical manufacturers. Many major pharmaceutical companies operate a Patient Assistance Program or PAP, which allows them to provide their drugs free of charge to anyone who meets certain income eligibility requirements. MEDBANK serves as the vital link between the individual and the PAP. To be eligible, you must be low-income and must not be enrolled in any other prescription drug plan. Your physician or other health care professional must make all referrals to the program

Contact Information: MedBank of Maryland, Inc.
2524 Kirk Avenue
Baltimore, MD 21218
410-821-9262 / 1-877-435-7755
www.medbankmd.org

MARYLAND AIDS DRUG ASSISTANCE PROGRAM (MADAP)

This program helps low to moderate income Maryland residents pay for some drugs prescribed to treat HIV/AIDS. There is no co-pay at the pharmacy when using MADAP; however, there may be a monthly participation fee, depending upon the person's income. MADAP eligibility is based on income and household size. MADAP evaluates the income of the applicant, their legal spouse and considers the number of dependent children (under age 18) living with the applicant.

Contact Information: MD Dept. of Health and Mental Hygiene
AIDS Administration
500 N. Calvert Street, 5th Floor

THE MEDICINE PROGRAM

There are no burdensome criteria to qualify for this program – everyone is eligible. This prescription plan is absolutely free of charge and is available to anyone that is looking to lower the cost of their prescription bills right now.

Eligibility:

- Those without prescription drug coverage
- Those with only limited coverage
- Those who exceed the maximum savings limits of their current prescription plan
- Seniors using Medicare prescription drugs.

All you need to do is print the free prescription card from the website and present it at over 35,000 participating pharmacies.

Benefits include:

- Lowering drug costs with savings of up to 65%
- No fees to join, no monthly fees
- No paperwork to submit
- No waiting period and no restrictions
- Convenient and easy to use

- Guaranteed lowest possible price each and every time you use this program
- Saving on medical equipment and other medical products
- Designated as a family care – you and the entire family saves every time

Contact Information: (866) 694-3893

www.themedicineprogram.com

THE FREE MEDICINE PROGRAM

Free Medicine Program assists with finding the appropriate patient assistance program, as well as assists with the necessary paperwork to get started. Once qualified, you will receive medications free of charge. Usually a 90 day supply will be sent to the patient's home and/or most shipments go to the physician's address that is listed on the application. There is a one-time processing fee of \$5.00 charged by Free Medicine Program which is refunded if the medication is not free from the applicable drug manufacturers.

Most drug manufacturers help people in financial need, regardless of their age. However, in order to qualify you need to meet the following three basic requirements:

1. You do not currently have insurance coverage for outpatient prescription medicines
2. Your income is at a level that causes hardship when prescription medicines are purchased at retail price
3. You do not qualify for a government or third party program that provides for prescription medicine coverage.

Contact Information: Free Medicine Program

TOGETHER Rx PROGRAM

Together Rx Access is a drug card program that offers savings from 25% to 40% - and sometimes more on more than 275 brand-name and generic drugs for qualified low-income Americans who are not eligible for Medicare and have no prescription drug insurance. The program can also direct you to other resources that can help qualified patients get other medicines or medicine coverage.

You can get a Together Rx Access Card if ***all*** of the following are true:

1. You are a legal US resident.
2. You are not eligible for Medicare.
3. You are under age 65.
4. You are not currently enrolled in a public or private prescription drug coverage program, such as: Medicare, Medicaid, State pharmaceutical assistance program (SPAP), State Child insurance program (SCHIP), HMO, Pharmacy benefits management (PBM) plan or other forms of prescription drug coverage.
5. Contact Together Rx Access, LLC to obtain information about income eligibility guidelines.

HOWARD COUNTY MENTAL HEALTH AUTHORITY'S INDIGENT PHARMACY PROGRAM

HCMHA has a grant funded program to provide psychiatric medications and required lab work for individuals who receive outpatient treatment services from the public mental health system and who meet the following criteria:

- a) All individuals **must meet** the Priority Population definition as defined by the Mental Hygiene Administration. The diagnostic criteria includes those persons as having Schizophrenia, Major Depressive D/O (***Recurrent only***), Delusional Disorder, Psychotic Disorder, NOS, Schizotypal Personality Disorder, Borderline Personality Disorder, Bipolar I Disorders, Bipolar Disorder, NOS, or Bipolar II Disorder **AND**
- b) Persons being released from the detention center and referred by HCMHA **OR**
- c) Persons who are consumers transitioning into the community with intensive support services determined by a plan of care with HCMHA **OR**
- d) Persons receiving services in the Dept. of Juvenile Justice Family Intervention Services (DJS) and referred by the DJJ Family Intervention Specialist **OR**
- e) Howard County residents being discharged from a state psychiatric facility or a general psychiatric inpatient hospital in Maryland; HCMHA must be notified of these individuals and are notified of the discharge plan **OR**
- f) Persons who are homeless i.e. emergency shelter, transitional housing program.

A form needs to be completed by the individual's prescribing physician and faxed to the HCMHA offices for approval. HCMHA will then review the form and if it meets criteria for coverage in the indigent pharmacy program will forward the approved form to a participating pharmacy, which will then deliver medications to the outpatient clinic/psychiatrist's office for pick-up or to the individual's home. Individuals are encouraged to apply for all programs for which they may be eligible. However this grant funded program provides psychiatric medications for emergency situations to assure that individuals have access to medications while pursuing other alternatives. Individuals with incomes up to \$20,000 are covered by this program.

Contact Information: Howard County Mental Health Authority

PARTNERSHIP FOR PRESCRIPTION ASSISTANCE

1-888-4PPA-NOW / www.pparx.org

If you don't have prescription coverage and can't afford your medicines, help is available. A helping hand from America's pharmaceutical companies in partnership with health care providers and community groups.

DRUG DISCOUNT CARDS

Free prescription drug discount cards, available through a program sponsored by the National Association of Counties, are now available to Howard County residents at various locations, including senior centers, library branches, health department clinics and at various county government office buildings.

The cards are effective immediately upon receipt. They may be used by all residents regardless of age, income or existing health coverage and offer significant savings for the uninsured and underinsured. In addition, even individuals who currently have prescription coverage through their health care insurance may be able to save money on drugs that are not normally covered under their plans.

Howard County residents may call 877-321-2652 or visit <https://naco.advancerx.com> for assistance with the program, which is administered by Caremark. For additional information residents can call 410-313-6400 or visit Howard County's website: www.howardcountymd.gov and click on Prescription Drug Discount Card link from the home page.

DONATED DENTAL SERVICES PROGRAM

Dentists throughout the state have volunteered to provide comprehensive dental care at no charge to people of all ages, who, because of a serious disability of impaired mental and/or physical health, lack adequate income to pay for needed dental care. All patients admitted into the program must have transportation to the dental office and must keep all appointments. The Donated Dental Services Program is unable to provide sedation services for simple procedures, such as x-rays and cleanings. Dental services are provided free of charge to eligible individuals. Call Maryland Foundation of Dentistry for the Handicapped (410) 964-1944 for an application.

“DOOR TO HEALTHCARE”

“Door to Healthcare” streamlines the application process for public health care programs. Individuals complete a single web-based application. Then an online system uses the information provided to determine eligibility for various county, state and federally funded programs such as Healthy Howard (county), Primary Adult Care (PAC), and Maryland Children's Health Program (MCHP), and Medicaid (MA). Applicants are then enrolled in the program for which they are eligible. Interested individuals must go to the Health Department located at 7178 Columbia Gateway Drive weekdays between the hours of 8:30 a.m. to 4:30 p.m. to access this program. Individuals must bring a photo identification and either four (4) pay stubs or a recent income tax form as proof of income.

COMMUNITY RESOURCES

Crisis Services

Mobile Crisis Team: 410-531-6677

The Howard County Mobile Crisis Team (MCT) is available free of charge to any Howard County resident or individual present in Howard County at the time of a mental health crisis. MCT is a partnership with the Howard County Police Department and Grassroots. During hours of operation, MCT staff are able to respond to psychiatric crisis identified by the Police. Two mental health professionals go to where the individual is located and explore suitable support to

de-escalate the crisis and help the person in trouble. If there is an issue of safety, the team is able to gain police assistance to have the person transported to the emergency room at Howard County General Hospital for a thorough psychiatric evaluation. The Mobile Crisis Team is available by calling 410-531-6677 or by calling the police at 911 and requesting the Mobile Crisis Team. MCT will refer the individual and family members to available community resources and follow-up to assure linkage.

Hours of Operation

9 a.m. to 11 p.m. seven days a week

Grassroots Crisis Intervention Center

24 Hour Hotline

410-531-6677

Grassroots, a Crisis Intervention Center, operates a hotline 24 hours a day, 7 days a week. Trained staff are available to provide telephone counseling and free walk-in counseling 24/7. In addition, Grassroots operates the Mobile Crisis Team (MCT) during its hours of operation.

Grassroots Crisis Intervention Center

6700 Freetown Road

Columbia, MD 21044

410-531-6677 or 410-531-6006

Provides telephone counseling, free walk-in counseling, emergency shelter for homeless, 24-hour suicide hotline, Mobile Crisis Team 7 days/week, and a Runaway Teen Program that provides crisis intervention for runaway youth and their families. Immediate access is available to Language Line for telephone translation into most languages. Free services.

PSYCHIATRIC EVALUATION

Family members or other concerned adults such as a therapist or the police may initiate an Emergency Evaluation process that will allow the police to transport an individual to the local hospital emergency room for a psychiatric evaluation. This emergency evaluation process is usually referred to as an “emergency petition” (EP). Also, any of the following mental health professionals can complete an Emergency Evaluation form that will allow the police to transport an individual to the local emergency room for a psychiatric evaluation: physician (MD), psychologist (Ph.D.), licensed clinical social worker (LCSW-C) or licensed clinical professional counselor (LCPC). If a family member or concerned adult is initiating the emergency evaluation process they would go to the Clerk’s Office at the District Courthouse (410-480-7700) located at 3451 Court House Drive in Ellicott City Maryland to file an emergency evaluation/petition between the hours of 8:30 a.m. to 4:30 p.m. Monday through Friday. After 4:30 p.m. you would go to the Court Commissioner’s Office to file an emergency evaluation petition. Information must be provided to a Judge or Commissioner regarding why this individual is a danger to themselves or others and therefore needs to be evaluated for a psychiatric hospitalization. If the Judge/Commissioner agrees that the individual being “petitioned” needs a psychiatric evaluation, the police will be ordered to transport the individual to the nearest hospital emergency room for a psychiatric evaluation. **The Mobile Crisis Team (MCT) is available daily and can pursue an emergency evaluation if needed. Call 410-531-6677.**

A psychiatric evaluation determines whether hospitalization is needed or whether a less restrictive level of care may be more appropriate. Admissions to psychiatric facilities (private or community hospitals) can be either voluntary or involuntary. If an evaluation is completed and inpatient treatment is recommended, the patient will be asked to sign a voluntary admission agreement. In the case of a minor, a parent/legal guardian signs the voluntary admissions agreement. In Maryland, a person 16 years old or older may sign himself into a psychiatric hospital. However, the parent of a minor child can authorize in-patient treatment even over the objections of the adolescent who is 16-18 years old.

If the patient refuses to be hospitalized voluntarily, he or she may be admitted involuntarily on certificates signed by two physicians, or one physician and one licensed psychologist. The certificates attest to the need for hospitalization based on the following:

- the individual is suffering from a mental disorder
- the individual is in need of inpatient care
- the individual is in danger to self or others

Howard County General Hospital has an Emergency Room for psychiatric emergencies that is separate from the regular Emergency Room. This behavioral health Emergency Room is for individuals 18 and older. Individuals under 18 would use the Pediatric Emergency Room.

The public mental health system currently operates a Centralized Admissions Unit (CAU) to facilitate the placement of individuals certified for involuntary admission. The hospital emergency room calls the Centralized Admissions Unit, with all the information required. The CAU is then responsible for locating an inpatient placement for the individual who is eligible for services from the public mental health system. The number for the Centralized Admissions Unit is 866-MD-ADMIT.

When a patient is admitted involuntarily to a hospital, a hearing must occur before an administrative law judge within 10 days to determine if the individual can continue to be involuntarily confined to an in-patient psychiatric facility against his wishes.

Consumer Quality Team of Maryland

711 West 40th Street #460

Baltimore, MD 21211

410-235-1314

www.cqtm.org

A group of mental health consumers and family members who conduct qualitative interviews with mental health consumers using the public mental health system, and report their needs to program management and the funding agency, to obtain real-time solutions.

OUTPATIENT TREATMENT

Mental Health Services and Providers

Outpatient Mental Health Clinics (OMHCs)

Outpatient Mental Health Clinics (OMHCs) are licensed by the state under COMAR 10.21.20. All licensed OMHCs listed below serve individuals in the public mental health system. Most OMHCs also serve individuals who are covered by private health insurance through their employers. Attempts have been made to list those private insurances covered by OMHCs in Howard County. Individuals with private health insurance must call their insurance company and access the mental health benefits and providers affiliated with the insurance company. Individuals ages 65 and older that have Medicare must access providers who accept Medicare as payment for their mental health services. Individuals younger than 65 who have Medical Assistance must receive services from public mental health system providers.

Community Counseling & Mentoring Services, Inc.

13994 Baltimore Avenue
Laurel, MD 20707
301-362-1163

Case Management

Mental Health Case Management services assist individuals by linking them to rehabilitation and treatment services, entitlements/benefits for which they may be eligible, housing, social supports, vocational and educational services. Medicare and private insurances do not pay for case management services. Individuals who are eligible for case management services must have a primary diagnosis of mental illness, cannot be receiving case management services from

another agency and must be willing to voluntarily agree to participate in case management services. The mental health case management provider for Howard County is Alliance, Inc. Contact the Howard County Mental Health Authority at 410-313-7350 for more information and a referral packet.

Psychiatric Rehabilitation Programs (PRPs)

Psychiatric Rehabilitation Programs (PRPs) are licensed under COMAR 10.21.21. Individuals are eligible for PRP services, both at the day program site (on-site) and in their living arrangement or other community setting (off-site) if: 1) they receive Medical Assistance (MA), 2) are diagnosed with a serious mental illness that meets the state's priority population, and 3) meet the medical necessity criteria established for this service. Individuals who do not receive medical assistance, but meet the other two criteria may be authorized for this service by the Howard County Mental Health Authority (HCMHA). HCMHA has limited funds to authorize non-MA PRP services. Therefore, authorization decisions are based on the individual's needs and available funding.

Humanim, Inc.

6355 Woodside Court
Columbia, MD 21046
410-381-7171
www.humanim.com

Care Connection, Inc.

1215 Annapolis Road, Suite 202
Odenton, MD 21113
410-662-7077 / 410-889-6688 Fax

Provides in-home psychiatric rehabilitation services for people with serious and persistent mental illness. Services include training on daily life skills and community living skills as well as medication monitoring and support in utilizing community resources.

Residential Rehabilitation Programs (RRPs)

Residential Rehabilitation Programs (RRPs) are licensed under COMAR 10.21.22. Presently Howard County has 106 residential beds that are targeted to those individuals served by the public mental health system who are diagnosed with a serious mental illness and need assistance/support services to live in the community.

Priority for placement in RRP is given to individuals returning to the community from State in-patient hospitalizations and individuals who are diagnosed with a mental illness and are homeless.

All referrals for residential placement are screened by the Howard County Mental Health Authority to assure that the referral meets the criteria for placement. **Individual RRP providers can not authorize residential placements.** Please contact HCMHA at 410-313-7350 for a referral packet.

HCMHA has a Transition-Age Youth (TAY) Initiative that serves young adults between the ages of 18-25 who need residential services. The purpose of this program is to assist young adults in becoming self-sufficient through educational/vocational services as well as other mental health support services. Priority for placement into the Transition-Age Youth (TAY) program is given to individuals age 18 who are aging out of in-patient settings such as Residential Treatment Centers (RTC) and individuals who have utilized multiple treatment services in the public mental health system prior to the age of 18.

Humanim, Inc.

6355 Woodside Court
Columbia, MD 21046
410-381-1500

6655 Sykesville Road
Sykesville, MD 21784
410-970-7000

State operated facility for long-term psychiatric services, including inpatient day unit and outpatient services for the deaf/hearing impaired.

HOUSING

The Department of Housing and Community Development works to provide affordable housing opportunities for low and moderate income residents of Howard County. The Housing Commission is a separate legal entity which serves as the Public Housing Authority for the purpose of developing and managing housing resources for low and moderate income residents of Howard County.

The Housing Choice Voucher Program (formerly known as “Section 8”), provides assistance for very low-income households (single or family), the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Participants who receive vouchers search for their own housing, which may include single-family homes, townhouses, and apartments, or even the family's present residence. The housing subsidy (by way of the U.S. Department of Housing and Urban Development) is paid to the participating landlord directly by the Howard County Housing on behalf of the resident. This payment is paid with the caveat that the housing unit meets the requirements of the program.

The Public Housing Program is a program funded and regulated by the United States Department of Housing and Urban Development (HUD), created to assist lower income families live in affordable, decent and safe housing. The housing agency owns the units rented to approved families. The participating families are required to pay 30% of their adjusted gross income toward rent and utilities.

The County Rental Housing Program is a program funded and regulated by Howard County Housing (HCH). This program was created to assist lower income county residents live in affordable, decent, and safe housing. The family's monthly rent payment is based on unit size.

An application is maintained until it reaches the top of the waiting list. At such time, an eligibility determination will begin and an interview will be scheduled to complete the eligibility determination. The amount of time that an applicant remains on the waiting list varies and is dependent on several factors. While on the waiting list, Howard County Housing (HCH) may send letters from time to time requesting information to update existing application files or asking if applicants are still interested in housing assistance. All applicants must answer these letters. Applicants that do not respond will be removed from the waiting list.

To contact the Howard County Housing (HCH) for an application or if you have questions about the various housing options:

Address: Department of Housing and Community Development
6751 Columbia Gateway Drive, 3rd Floor
Columbia, MD 21046
Email: hcvhousing@howardcountymd.gov
Phone: (410) 313 – 6320

Resources for Older Adults

The Howard County Mental Health Authority has a Psychogeriatric Coordinator providing free consultation for providers and agencies serving older adults with mental health needs and the community at large. This grant-funded position also provides training for caregivers concerning behavioral management, referral and linkage to mental health and aging services and agencies, liaison and after care coordination for older adults transitioning into the community from state psychiatric hospitals and community outreach in partnership with local services. For more information call the Howard County Mental Health Authority (HCMHA) at 410-313-7350.

Mental health services specifically geared toward older adults are found within the providers offering mental health services to adults. The Howard County Office on Aging offers many programs and services that are accessed through Maryland Access Point (MAP) at 410-313-5980 or www.howardcountymd.gov and click on “seniors”. Further information is available at www.horizonhelp.org. A directory of senior resources can be obtained at any Senior Center and the Howard County Department of Citizen Services/Office on Aging by calling MD Access Point (410-313-5980).

Case management or care management for older adults who may need a wide array of community support services is available through various financial arrangements. Fees will be no cost or will be determined by the practitioner, including some sliding scale fees. Contact Maryland Access Point (MPA) at 410-313-5980 or www.howardcountymd.gov and click on “seniors”. Check the Case Management section of this directory for mental health case management. Some mental health providers may offer case management pro bono. Many practitioners offer case management/care management services (also see Case Management, page 39). Check with the following:

Office on Aging	410-313-5980 www.howardcountymd.gov and click “seniors”
Jewish Family Services (Elder Care Consultations)	410-730-4976 ext. 25
Family & Children’s Services of Central Maryland	410-997-3557

Guardianship/Public Program

Under the public guardianship program, case management services are provided to individuals ages 65 and older who are declared incompetent by the court and who have no relatives or family to serve as guardian. Call 410-313-5980 for more information regarding this program.

Adult Community Evaluation Services (ACES)/Adult Evaluation & Review Services (AERS)

6751 Columbia Gateway Drive
Columbia, MD 21045
410-313-5980

This a program sponsored by the Health Department that provides screening, consultation, free multidisciplinary assessment and access to public services for persons needing support to live in the community. **This is a critical step in determining need for in-home, assisted living and nursing home care.**

Housing Assistance

Older adults with mental health needs have several housing options:

1. Office on Aging – contact MD Access Point – 410-313-5980. This may include an array of housing resources, home modification and home repair.
2. Apartment communities for senior citizens: contact Howard County Office on Aging’s Housing Program at 410-313-5980. Check the Shoppers Guide to Community and Apartment Living for an up to date listing.
3. Section 8 Certificate & Housing Vouchers: “Tenant based” subsidies, which allow elderly/disabled individuals to rent apartments or homes. Vouchers are transferable between counties and states. Contact the Office of Community Housing and Development at 410-313-6318.
4. Residential Rehabilitation Programs: Limited housing available to financially eligible individuals with serious mental health disabilities. Contact the Howard County Mental Health Authority for more information at 410-313-7350.
5. Assisted Living Facilities: Provides personal care and services to people who need help with the activities of daily living as a result of physical or cognitive impairment. Contact Howard County Office on Aging Program at 410-313-5980.
6. Nursing Homes: These facilities provide a higher level of care than assisted living facilities. A list of nursing homes can be found in the Senior Resources Guide or by calling Howard County Office on Aging Program at 410-313-5980.

Maryland Home and Community Based Services for Older Adults

The Home and Community Based Services is part of the Medicaid Waiver Program. The Medicaid Waiver enables older adults to remain in the community setting even though the individual meets medical eligibility criteria for placement in a nursing home facility. The Medicaid Waiver allows those services usually covered by Medicaid only in a nursing home setting, to be provided to eligible individuals in their own home or in assisted living facilities in the community. Assisted living and in-home services for individuals age 50 and older are available for those who meet Medicaid Waiver eligibility. There is an extensive waiting list therefore you should contact 1-866-417-3480 to get on this “Registry” for long-term planning. For more information on the Medicaid Waiver programs, contact the Howard County Office on Aging, Senior Information and Assistance at 410-313-5980.

SHIP – SENIOR HEALTH INSURANCE ASSISTANCE PROGRAM

The Howard County Office on Aging provides information and health insurance counseling services to people age 50+ and Medicare beneficiaries of any age. Office visits and home visits for homebound are available. Call 410-313-7392

Mental Health Services in the Detention Center

The Howard County Mental Health Authority has a grant that funds a full-time Mental Health Clinician at the county’s Detention Center. Individuals incarcerated at the Howard County Detention Center who are suffering with a mental illness are eligible to receive mental health treatment services from a licensed Mental Health Clinician. Referrals are received through the Medical Services Department of the Detention Center, the Mental Health Authority or the Court system. Case management services are provided to the individual while in the Detention Center and post-discharge to assist with transition back to the community. Call 410-313-5267 to speak with the Mental Health Clinician who is staff for this Community Criminal Justice Treatment Project (CCJTP). The Detention Center Medical Unit also provides a psychologist and psychiatrist to evaluate the mental health needs of incarcerated individuals.

3300 North Ridge Road, Suite 380

Ellicott City, MD 21043

410-313-1940 / 410 313-1430 Fax

www.howardcountymd.gov/children

Provides free information and referral services to parents and community members who are looking for resources for children ages 0-18 years old. Locate: Child Care is a specialized service that provides contact information for preschool and child care programs in Howard County. The CARE Center (Child and Adolescent Resources) also provides behavior intervention services for children in a child care or preschool program. This is a free service for children ages 0-5 years old. It is funded by the Maryland State Department of Education.

The Office also offers educational programs for parents and caregivers. A quarterly workshop calendar is distributed throughout the community. The office will also conduct workshops off site at a parenting, community group or child care center.

In-Home Intervention Services

Way Station, Inc., Child & Adolescent Division
9030 Route 108, Suite A
Columbia, MD 21045
410-740-1901 x 138 / 410-740-5453 Fax

Provided through a grant from the Howard County Mental Health Authority, this program provides outreach and engagement to children/adolescents who are at risk of being removed from their home or who are re-integrating into the home and community from an out of home placement. Time limited (3-6 months) with focus on integrating child and family into existing community treatment and support services.

Interagency Family Preservation Services

Interagency Family Preservation Services (IFPS) is a community-based, in-home program of last resort for Howard County families who have a child or children who are at imminent risk of being placed outside the home (such as foster care, a residential facility, psychiatric hospitalization, DJS detention). Senior Family Services Workers work in teams of two and serve families in their homes. IFPS is an intensive (minimum of 5 hours of contact per week), short term (six weeks), community-based program. The staff works directly with the family to establish goals based on their specific needs. Areas of focus can range from assisting families to connect with services, teaching life skills, and counseling. IFPS services are provided through a grant from the State of Maryland managed through the Howard County Local Children's Board. There is no charge to families for this service. Contact Liza Armstrong at 443-766-7726 for further information.

Kidsline

410-461-1833

This clinic will specialize in serving children with developmental delays and disabilities, such as autism spectrum disorders and intellectual disabilities as well as children without the above issues.

MPB Group, Inc

The Banneker Building
5840 Banneker Road, Suite 270
Columbia, MD 21044
1-866-371-5933 (toll free) or 410-730-2385

Juvenile Sexual Offender Treatment Program: In an effort to reduce recidivism with this specialized population, MPB Group has developed a multisystemic model of treatment to

include assessment, treatment and psychiatric care. The program is individually tailored through assessments of the youth, family and environment. In addition, the program is designed to be cooperative with schools and juvenile facilities. MPB seeks to reduce and prevent maladaptive behavior while successfully re-integrating youth into their communities. Services offered: supportive parenting groups, individual, family and group therapies youth/adolescents.

MSA-The Child and Adolescent Center

10005 Old Columbia Road, Suite L260

Columbia, MD 21046

866-853-4397 (toll free) or 443-259-0400 / 443-259-0044 Fax

The program specializes in treating children and adolescents that are experiencing crisis. Serves children ages 6 to 8, 9 to 12 and 13 to 18. The program also provides partial hospital and intensive outpatient services. The services include psychiatric evaluations, medication management, crisis intervention, individual, group and family therapy and expressive art therapy. The program serves patients with behavioral health along with chemical dependency problems. Transportation is available.
Insurance - Medicaid, Medicare and most insurance plans.

National Family Resiliency Center, Inc.

10632 Little Patuxent Parkway, Suite 121

Columbia, MD 21044

410-740-9553

Educational and therapeutic services for children and parents; individual, family and group counseling, educational programs, mediation, child-focused access planning, online Family Connections parenting plan program; volunteer peer counseling, community education, publications, advocacy and professional training and certification.

Residential Treatment Center (RTC) Waiver

Maryland Choices

www.choiceteam.org/Maryland

301-947-0023

The RTC Waiver is a program that uses a team-based approach called Wraparound to provide mental health and medical services to youth with serious mental health needs. The team, which includes the youth, family members, care coordinators, and service providers, develops a plan of care that allows the youth to receive services and support in the community rather than in a residential treatment center. The youth can receive services for up to two years.

In order to qualify for the program, the youth must meet certain financial eligibility rules, be 6 to 20 years old, meet certain medical criteria, and have the ability to be safely served in the community. Everyone applying for the program must complete an application through their regional Care Management Entity (CME). CMEs will be available to help fill out application packets and assist in the application approval process. They will also help determine if there are slots available.

Runaway Switchboard

1-800-621-4000

A national service based in Chicago. Provides assistance, including transportation, to runaway children. Crisis intervention, advice to parents, message center.

email: info@mdcoalition.org / web site: www.mdcoalition.org

The Maryland Coalition of Families for Children's Mental Health is a grassroots coalition of family and advocacy organizations dedicated to improving services for children with mental health needs and their families and building a network of information and support for families across Maryland. Visit our website to learn about Coalition initiatives and browse our online directory of resources.

Family Navigators

Family Navigators are not lawyers or therapists and do not provide legal representation or counseling. Navigators do not advise families on decisions pertaining to their children, but provide support and information to discuss options with families so they can make the best choices for their children. A Family Navigator can provide:

- Information, referral and linkage to appropriate services for your child
- One-to-one support and advocacy for your family
- Guidance in completing forms and applications for services
- Support at meetings related to your child, when possible
- Education on laws, policies and procedures to access services to your child

- Workshops to inform you and other families on services and ways to effectively advocate for your child.

Family Navigators also work in partnership with local agencies and participate on planning and advisory boards to provide a family perspective on policies and programs for children with special needs. Navigators make every effort to involve many families in leadership roles in their community.

Mental Health Association of Maryland

711 West 40th Street, Suite 460
 Baltimore, MD 21211
 410-235-1178 / 443-956-8494
 www.mhamd.org

The Mental Health Association of Maryland (MHAM) is a voluntary, nonprofit citizens' organization that brings together consumers, families, professionals, advocates and concerned citizens for unified action in all aspects of mental health and mental illness. Dedicated to promoting mental health, preventing mental disorders and achieving victory over mental illness through advocacy, education, research and service.

NAMI – Howard County is a grassroots, self-help, non-profit organization dedicated to improving the lives of individuals and families living with mental illness, by providing education, support, advocacy, and outreach programs. **Support Groups:** Call NAMI for information about support groups and education programs for family members and individuals who have a chronic mental illness.

On Our Own of Howard County, Inc.

6440 Dobbin Road, Suite B
 Columbia, MD 21045
 410-772-7905 / 410-772-7906 Fax

Drop-In Center: On Our Own of Howard County operates a Drop-In Center at various times on weekdays and weekends and on holidays for county residents who have a psychiatric disability. This is a peer-operated service that provides socialization, advocacy, educational and natural support opportunities for individuals with mental illness. Many of the recipients of mental health services who come to the Drop-In Center say it is a place to relax and feel comfortable. Members share similar experiences and discuss ways of coping with their illness.

Transportation is provided for those individuals who would have a problem getting to the center without it. Contact the Program Director at **410-772-7905** for further information.

Financial Assistance for Families National Relief Hotlines:

Child Support Enforcement Hotline: (877-696-6775) For single moms due support, the US Department of Health and Human Services will send a handbook complete with advice and contact numbers.

Child Care Subsidy Hotline: (800-424-2246) When daycare costs are too high, there is help. The National Association of Child Care Resources will help caller find payment assistance programs.

Mortgage Payment Assistance: (800 750-8956) For families falling behind on mortgage payments, this agency will work with a family's mortgage company to arrange a workout plan to catch up missed payments. Counselors will discuss all options available to avoid foreclosure. Agency does not make loans or buy property.

Debt Relief Hotline: (800-453-1738) For families struggling with credit card debt, (typically over \$10,000), relief is available. This agency will contact a family's creditors, reduce payments, interest, and even principal amounts owed. Harassing collections calls will stop.

Student Loan Relief Hotline: (866-836-9168) This agency works for students and graduates who wish to reduce their monthly payments by consolidating. Experts in all options available, counselors will evaluate and seek ways to provide relief. Candidates must have over \$10,000 in Student Loan debt, and be less than 150 days past due.

Tax Relief Hotline: (877-283-8580) Agency works directly with the IRS on behalf of citizens who generally owe over \$10,000 in back taxes. Services include: offers in compromise, payment plans, innocent spouse relief, and garnishment relief. Free consultation.

Free Bankruptcy Advice: (800-379-0985) Families who cannot use other debt solutions may need to speak with an attorney. Families may call for a free conversation to discuss whether debt relief under bankruptcy makes sense for them.

Discount Prescriptions: (800-291-1206) Families can save between 20% and 40% on their prescription medications. No exam needed. National program. No need to make trips to the pharmacy, medication shipped to the home. Call for free information.

Programs Serving the Developmentally Disabled

Developmental Disabilities Administration (DDA)

The Developmental Disabilities Administration (DDA) has four regional offices throughout the state. DDA is a department under the state agency Department of Health and Mental Hygiene (DHMH).

Columbia, MD 21045
410-964-1241 / 410-964-3140 Fax

Provides a full array of services for individuals with developmental disabilities.

Resources for Traumatic Brain Injuries

The State Mental Hygiene Administration (MHA) has received a 3 year federal grant that has funded a Resource Coordinator staff position for residents of Howard County. A Resource Coordinator is a case manager who works directly with the individual with a Traumatic Brain injury. The goal of the Resource Coordinator is to assist the individual in accessing the full range of community based services including, but not limited to social, financial, vocational, housing, rehabilitation, mental health services, as well as other support services as needed. The Resource Coordinator Project also provides information and education to community human service providers regarding Brain injury.

In order to qualify for a Resource Coordinator you must meet the following requirements:

- Be between 18-65 years old
- Have a documented history of a Brain injury
- Not receiving service coordination or case management services through any other service system
- Priority will be given to those individuals whose income qualifies them for the Primary Adult Care (PAC) program

For additional information regarding the TBI project contact:

Anastasia B. Edmonston, Project Director, MHA
410-402-8478

Lauren Dorsey, Resource Coordinator for Traumatic Brain Injury Initiative in Howard County
240-753-2892

Maryland's Commitment to Veterans

Maryland's Commitment to Veterans helps to navigate the transition to civilian life. Regional Resource Coordinators (RRCs) serve as navigators for post-deployment needs. The tasks that veterans trained for on the battlefield are worlds away from the daily hardships that now surface. RRCs are here to assist veterans and their families obtain services through the United States Department of Veterans Affairs (VA) and other available local resources. RRCs offer knowledge and assistance in:

- Crisis and Emergency Services
- Substance Abuse Services
- Individual, Family and Group Therapy
- Issues of Homelessness
- VA Benefits
- Unemployment Issues

The coordinators also work with service members with less than honorable discharges to explore the possibility of a discharge status change, to increase eligibility for VA benefits. Contact a Regional Office location serving every county: Western: Garrett, Allegany, Frederick, Washington, Montgomery, Central: Baltimore, Baltimore City, Harford, Cecil, Prince George's, Carroll, Howard, Southern: Anne Arundel, St. Mary's, Calvert, Charles, Eastern Shore: Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester, Somerset.

Contact Information:

1-877-770-4801 (Monday - Friday 8 a.m. to 4:30 p.m.)

Volunteer Center Serving Howard County

10221 Wincopin Circle
Columbia, MD 21044
410-715-3179 / 410-715-0845 Fax

www.volunteerhoward.org / info@volunterhoward.org E-mail

The mission of the Volunteer Center is to stimulate and expand volunteerism in the community by connecting people with nonprofit and governmental agencies in order to improve the quality of life for all people in Howard County. The center serves as a clearinghouse for all aspects of volunteerism. It provides a variety of volunteer opportunities ranging from one-time to ongoing for individuals, families, groups and businesses. The center serves as resource for nonprofit and governmental agencies by offering technical assistance and skills building programs for the enhancement or creation of volunteer programs.

Programs Serving the Hispanic Community

Alianza de la Comunidad

P. O. Box 2813
Columbia, MD 21045

Non-profit organization that identifies and advocates for the needs of Hispanics in Howard County through outreach activities in partnership with agencies dealing with health, housing, social services, education, employment, media and other services. This organization operates a community outreach center at the Cradlerock School located at 6700 Cradlerock Road, Columbia, MD and has funding for mental health services.

Centro do Ayuda (Outreach Center) Tuesday and Thursday, 4 -7 p.m.
Sandra Gutierrez, Community Outreach Coordinator, 443-812-8486

Mental Health Services Grant

Provides limited outpatient mental health treatment for a targeted population who are uninsured, low-income and need a Spanish-speaking therapist. Call the Howard County Mental Health Authority at 410-313-7350 to access services funded by this grant. If a bi-lingual staff person is needed call 410-313-7376.

Spanish Speaking Therapists listed:

Clinical Psychologists: Dayli Marrero, PhD

Clinical Social Workers: Roberto Huie, LCSW-C

A brochure is available in Spanish that identifies various community services and how to access them. Call The Howard County Mental Health Authority at 410-313-7350 if you are interested in obtaining copies.

Programs Serving the Korean Community

Korean Care Line

410-461-1088

The Korean American Community Association of Howard County (KACAH) has established a "care" line staffed by volunteers. The Care Line will provide assistance concerning education, healthcare, interpretation/translation assistance and assistance with other issues such as explaining the cultural differences between the US and their homeland.

Address: 9455 Baltimore National Pike, 2nd Floor
Ellicott City, MD 21042
www.koreanlife21.com

Successful Young Leaders Program is a youth mentoring program for individuals between 12 and 18. The goal of this program is to help youth understand the cultural differences across generations and to assist youth in building social competency based on the Asset Building Model of the Search Institute.

Korean Resource Center

410-203-1111

The Korean Resource Center provides home health care along with education and training in management of chronic diseases in Korean.

Address: 3201 Rogers Avenue, Suite 203
