- The mental health professional and/or mental health provider who works most closely with the applicant may assist the applicant in completing the attached forms.
- The Authorization of Disclosure for Case Management Services can be signed by the applicant (if the applicant is agreeable with having the services). If the applicant is not agreeable with having the services, the referral source can send the application.
- Medical Necessity Criteria must indicate why the applicant meets the stated criteria.
- Eligibility and need will be reviewed and determined by Humanim Case Management Program Director.
